

SAFESCRYPT 'S PUBLIC CERTIFICATION SERVICES

RELYING PARTY AGREEMENT

YOU MUST READ THIS RELYING PARTY AGREEMENT BEFORE VALIDATING A DIGITAL IDSM ("CERTIFICATE") OR OTHERWISE ACCESSING OR USING SAFESCRYPT'S DATABASE OF CERTIFICATE REVOCATIONS AND OTHER INFORMATION ("REPOSITORY"). IF YOU DO NOT AGREE TO THE TERMS OF THIS RELYING PARTY AGREEMENT, YOU ARE NOT AUTHORIZED TO USE SAFESCRYPT REPOSITORY.

THIS RELYING PARTY AGREEMENT GOVERNS THE USE OF DIGITAL IDsSM ("CERTIFICATES") ISSUED USING VERISIGN'S MANAGED PKI KEY MANAGER ("MPKI CERTIFICATES").

MPKI CERTIFICATES ISSUED BY SAFESCRYPT INDIA LIMITED AS AN AFFILIATE OF VERISIGN INC., USA. AND DESCRIBED IN THE SAFESCRYPT CERTIFICATE PRACTICE STATEMENT ("SAFESCRYPT CPS") AS "THE VTN" OR THE "VERISIGN TRUST NETWORK" HIERARCHY WHICH REFERS TO THAT CA HIERARCHY FROM SAFESCRYPT THAT IS CROSS CERTIFIED WITH THE VERISIGN TRUST NETWORK. SUCH MPKI CERTIFICATES ARE TO BE DISTNGUSIHED FROM CERTIFICATES DESCRIBED IN SAFESCRYPT CPS AS SAFESCRYPT INDIA PUBLIC HIERARCHY WHICH REFERS TO THAT PART OF THE SAFESCRYPT CA HIERARCHY THAT USES SAFESCRYPT SELF-SIGNED TECHNICAL CA'S AS THE TRUST ANCHORS AND "THE SAFESCRYPT INDIA-RCAI PUBLIC HIERARCHY" WHICH REFERS TO THAT CA HIERARCHY FROM SAFESCRYPT THAT IS CROSS CERTIFIED WITH THE ROOT CA AUTHORITY OF INDIA (RCAI)

MPKI CERTIFICATES CONTAIN REFERENCES POINTING TO THIS AGREEMENT'S URL <https://www.safescrypt.com/repository/rpa/index.html> AND FIELDS STATING THAT USE OF MPKI CERTIFICATES IS SUBJECT TO TERMS AT THIS URL. YOU MUST READ THIS RELYING PARTY AGREEMENT BEFORE VALIDATING ANY MPKI CERTIFICATE OR OTHERWISE ACCESSING OR USING VERISIGN'S DATABASE OF CERTIFICATE REVOCATIONS AND OTHER INFORMATION ("REPOSITORY") TO DOWNLOAD AN MPKI CERTIFICATE OR CHECK ITS STATUS. IF YOU DO NOT AGREE TO THE TERMS OF THIS RELYING PARTY AGREEMENT, YOU ARE NOT AUTHORIZED TO RELY ON ANY MPKI CERTIFICATE OR USE VERISIGN'S REPOSITORY TO DOWNLOAD AN MPKI CERTIFICATE OR CHECK ITS STATUS.

THIS RELYING PARTY AGREEMENT (this "Agreement") becomes effective when you submit a query to search for an MPKI Certificate, or to verify a digital signature created with a private key corresponding to a public key contained in an MPKI

Certificate, or when you otherwise use or rely upon any information or services provided by SafeScript's Repository or website relating to an MPKI Certificate.

Please note that the issuing authority ("IA") issuing an MPKI Certificate generated the subscriber's private key on his or her behalf and has backed up the private key using SafeScript Managed PKI Key Manager. Therefore, the IA is capable of recovering the subscriber's private key to assist him or her in the event the subscriber loses access to it. The IA, however, may have legitimate business reasons for recovering the subscriber's private key even without the subscriber's permission. Accordingly, the IA may be capable of decrypting encrypted messages that you or others send to the subscriber. You should keep this in mind when considering your expectations of privacy for encrypted messages you may send to the subscriber. When properly implemented, the SafeScript Key Recovery Service can provide considerable benefits. In the unlikely event of misuse, however, the IA could decrypt messages in its possession that you send to the subscriber, and if a single key pair is implemented for digital signatures and encryption, the IA could use a recovered private key to digitally sign messages to you or others on the subscriber's behalf. You acknowledge the foregoing by accepting this agreement as set forth below.

You acknowledge that you have access to sufficient information to ensure that you can make an informed decision as to the extent to which you will chose to rely on the information in an MPKI Certificate. For more educational material, see the tutorial contained in SafeScript repository at www.safescrypt.com/repository/index.html. YOU ARE RESPONSIBLE FOR DECIDING WHETHER OR NOT TO RELY ON THE INFORMATION IN AN MPKI CERTIFICATE. You acknowledge and agree that your use of SafeScript's Repository and your reliance on any MPKI Certificate shall be governed by SafeScript CPS as amended from time to time, which is incorporated by reference into this Agreement. The SafeScript CPS is published on the Internet in the Repository at <http://www.safescrypt.com/repository/index.html> and is available via E-mail by sending a request to: CPS-requests@safescrypt.com. Amendments to the CPS are also posted in SafeScript's Repository at <https://www.safescrypt.com/repository/updates>. The steps necessary to validate an MPKI Certificate and verify a digital signature are contained in section 8 of the CPS.
