RELYING PARTY AGREEMENT

YOU MUST READ THIS RELYING PARTY AGREEMENT BEFORE VALIDATING A DIGITAL IDSM ("DIGITAL CERTIFICATE") OR OTHERWISE ACCESSING OR USING SAFESCRYPT'S DATABASE OF CERTIFICATE REVOCATIONS AND OTHER INFORMATION ("REPOSITORY"). IF YOU DO NOT AGREE TO THE TERMS OF THIS RELYING PARTY AGREEMENT, YOU ARE NOT AUTHORIZED TO USE SAFESCRYPT'S REPOSITORY.

THIS RELYING PARTY AGREEMENT (this "Agreement") becomes effective when you submit a query to search for a certificate, or to verify a digital signature created with a private key corresponding to a public key contained in a certificate, or when you otherwise use or rely upon any information or services provided by SafeScript's Repository or website relating to a certificate.

You acknowledge that you have access to sufficient information to ensure that you can make an informed decision as to the extent to which you will choose to rely on the information in a certificate. For more educational material, see the tutorial contained in SafeScript's repository at www.safescrypt.com/repository/index.html. YOU ARE RESPONSIBLE FOR DECIDING WHETHER OR NOT TO RELY ON THE INFORMATION IN A CERTIFICATE. You acknowledge and agree that your use of SafeScript's Repository and your reliance on any certificate shall be governed by SafeScript's Certification Practice Statement (the "CPS") as amended from time to time, which is incorporated by reference into this Agreement. The CPS is published on the Internet in the Repository at www.safescrypt.com/repository/index.html and is available via E-mail by sending a request to: CPS-requests@safescrypt.com. Amendments to the CPS are also posted in SafeScript's Repository at <https://www.safescrypt.com/repository/updates>. The steps necessary to validate a certificate and verify a digital signature are contained in section 4 of the CPS.
